Dear Parents & Guardians,

We are pleased to update you on the status of the repairs to the varsity baseball and softball fields. Today, [the contractors began installing sod at the softball fields \[picture\]](#), which are expected to be completed later this week and available for use later on in the fall after the sod matures. The baseball fields are scheduled to be completed in mid-June (weather-permitting) and will also be available for use later on in the fall.

Though the project budget limited the ability for additional amenities to be included, an order has been placed for installing batting cages and pitching bullpens, utilizing funds received from Senator Murphy. We will be working with the supplier of the batting cages and bullpens to establish a timeline for installation. It is our goal for the batting cages and bullpens to be installed in late June after the fields are completed.

We appreciate your understanding and support as we continue to press the contractor to complete the project as soon as possible.

Sincerely,

Victor Karlsson  
Assistant Superintendent  
for Finance & Operations
